

#2023-153, Product Phase Out Announcement

NOTICE: Honeywell Kromschöder IFS 110, IFS 111, IFD 450 and IFD 454 Automatic Burner Controls will not be available after Dec 31, 2023

Please forward this announcement to impacted customer.

Product being phased out	<i>IFS 110, IFS 111, IFD 450 and IFD 454</i>
Last day to order	<i>October 31, 2023</i>
Last day to ship	<i>December 31, 2023</i>
Replacement product	<i>Kromschöder Burner controls BCU 4 and BCU 5</i>

LOB	Thermal Solutions
Date	10/13/23
Doc Type	Product Update
Bulletin No	2020-153
Product Line(s)	Kromschroeder (valves, pressure Switches, BCU, Controllers)
Partner Type(s)	Distributor, Agent Rep, OEM
Pole(s)	Global
Issued by	Aloys Quatmann
	Sr Offering Mgmt Specialist

Obsolete product	→	Replacement
Kromschöder IFS 110 and IFS 111 		Kromschöder BCU 
Kromschöder IFD 450 and IFD 454 		BCU 560..F0/F3  BCU 460..F0/F3 

Benefits of replacement product:

The benefits of the BCU burner controls include:

- Additional features like Air valve control and valve proving system.
- Bus communication
- Visualization and parameterization

For further information see the detailed description in the Docuthek and the PI_04e15

[IFS 132B, 135B, 137B – Automatic burner control units](#)

Detailed replacement instructions:

Information on Kromschroder Burner Controls BCU 4 Series is available in the Docuthek:

[BCU 4 – Burner Control Units](#)

Information on Kromschroder Burner Controls BCU 5 is available in the Docuthek:

[BCU 560, BCU 565, BCU 580 – Burner control units](#)

Spare parts support:

There will be no(t) spares support for this product.

Warranty stock:

There will be not any warranty stock; replacement product will be provided instead.

Complete list of part numbers being obsoleted:

IFS 110 and IFS 111
